

Hand Tensioner Pump

The Hand Tensioner Pump is designed for those applications where there is no power available. These lightweight hand tensioner pumps are safe, low maintenance and durable which meet all of the requirements of onsite bolt tensioning challenges. They are easy to operate and are supplied complete with a calibrated pressure gauge and quick release outlet coupling. The lightweight and portable design makes this the ideal pump for when you're on the move.

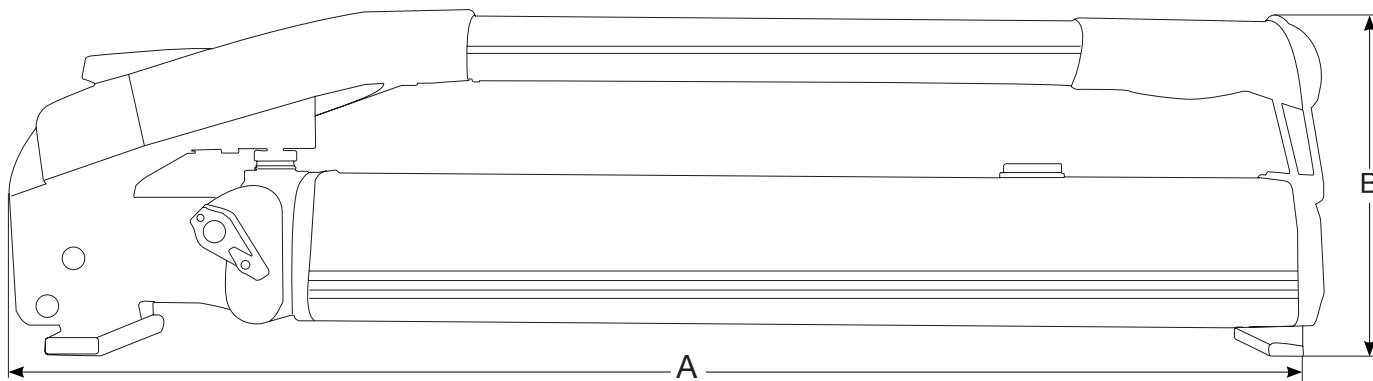

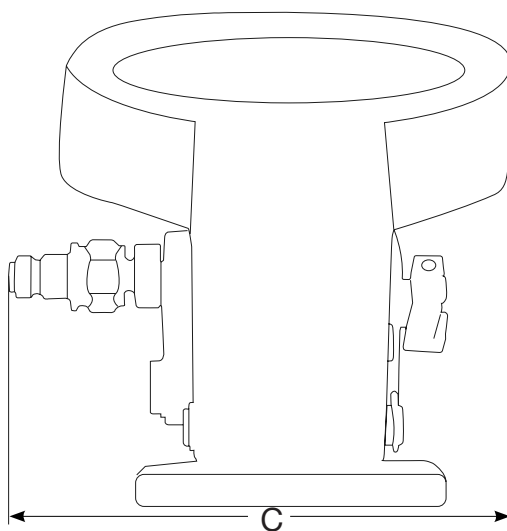

Features and Benefits

- ✓ Needle release valve - offers full pressure relief control
- ✓ Made in the UK
- ✓ Aluminium tank
- ✓ Low weight & maintenance friendly
- ✓ Easy to refill oil and with optional overflow valve
- ✓ Integral pressure gauge
