

# Power-ProTorque Pump

Introducing HTL's new air and electric torque pump range; the HTL Power-Pro Hydraulic Torque Pumps. These recent innovations offer a very compact and efficient solution. A brand new valve system which replaces the old temperamental shear seal system eradicates downtime giving the pumps a far greater life cycle increasing performance, durability and efficiency.

## Available in Air, 110V or 230V Models

Available models in the range include air, 110v electric and 220v electric, all of which have been designed with the operator in mind. Each pump is user friendly and portable, incorporating an ergonomically designed carrying frame and four quick connect ports to enable up to 4 torque wrenches to be operated simultaneously, even in the harshest environments.

Each pump is delivered ready to use and includes:-

- ✓ Full calibration certification
- ✓ Grade 46 hydraulic oil
- ✓ Remote control handsets
- ✓ 15ft twin line hydraulic hoses
- ✓ 10,000 psi (700 bar) hydraulic hose with 4:1 burst factor
- ✓ Hose lengths can also be customised to suit individual requirements

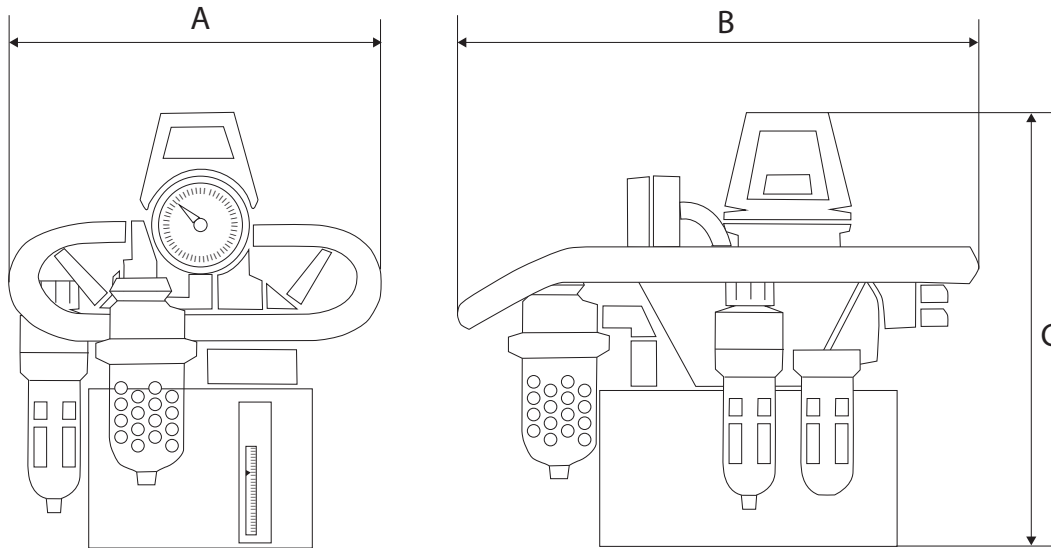

## Features and Benefits

- ✓ 4 quick connect couplers
- ✓ Solenoid valve system
- ✓ 110v extension cable
- ✓ Robust hand control
- ✓ 4" 10,000 PSI (700 Bar) calibrated hydraulic gauge
- ✓ Oil level sight glass

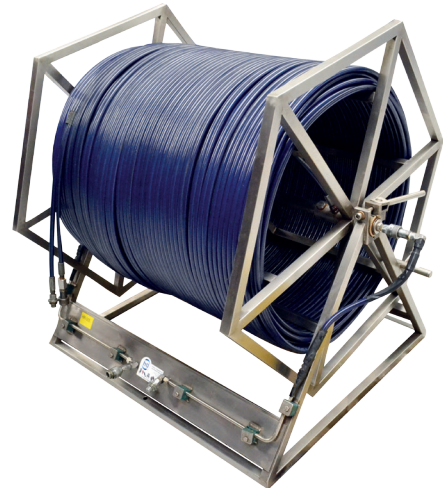

## Technical Information

Model	Power Type	Weight Kg	Reservoir Gallons	Frame	Power Required	A		B		C	
						mm	Inch	mm	Inch	mm	Inch
HTL-PHP	Air	40	2	Yes	50 CFM	474	18.7	352	13.9	560	22.0
HTL-PEP	110v	40	2	Yes	110v	465	18.3	352	13.9	650	25.6
HTL-PEP	220v	40	2	Yes	220v	455	18.3	352	13.9	650	25.6

## Twin Line Hoses & Hose Reels

To complement our range of hydraulic torque wrenches HTL stock a wide range of twin line hose assemblies starting at 5M (15ft) and hose reels which typically hold 210m (700ft) of torque wrench hose. Contact us today to discuss your exact requirements.
